

To the Chiswick Park Teddies baby care team,

I just wanted to thank the team in baby care for all your hard work, kindness and dedication while my child was with you.

I have been constantly amazed and delighted by the standard of care, stimulation and enthusiasm that you give to babies with seemingly unending energy.

As you all know, leaving a first baby to return to work is extremely stressful. You have eased the way for me and knowing that my child was in such kind, capable and fun hands made my life as a working mum (all be it part-time) a much better experience. I can see that she is flourishing further in little learners and I am sure that is down to the firm foundations that she gained in baby care. I now feel that I go to work in order for my little girl to have the opportunity to see you, rather than joining you so that I can go to work.

I would like to congratulate the team and urge them to carry on their tremendous work.

With very best wishes,

Mum
